SESSION: 2021-22

SUMMER HOLIDAY HOMEWORK

CLASS: V

"Protect Our Earth and Humans"

Dear Students,

It is summer vacation time, a time to relax as well as fruitfully occupy yourself in various scholastic and co-scholastic areas. Keeping this in mind, your teachers have painstakingly designed interesting Projects/Assignments for you which need to be completed during summer vacation. This would encourage in-depth learning, strengthen concepts and prepare ground for improved academic output. The parents are requested to motivate and lend support (minimum possible) to their children and ensure that they complete the given work well in time and to the best of their ability. Your encouragement can actually make a huge difference to the ultimate learning outcomes of these projects. We would be happy if parents encourage their children to work on their own.

We look forward to your co-operation.

Note: Any activity/ project assigned should bear the name of the student, class, section, roll number and the session. The written work should be done in the respective subject notebook if nothing has been mentioned.

English

"Environmental ethics is the ethical relationship between human beings and the environment in which they live. There are many ethical decisions that human beings make with respect to the environment."

So, keeping this inspiring thought in mind and to find out how much ethical you all are, you have to-

1) Make a video of yourself (Duration 2-2.5 min.), expressing your views and feelings on the topic "What I can do to protect the Earth and the people living on it rather than just thinking about myself."

2) Do the given Worksheet. (Since dragging and dropping is technically not possible in the worksheet so you need to write the answer in the space provided)

"How to be a good citizen"

1. Look at the pictures. Choose the correct option and write in the space provided.

Mahatma Gandhi

Mother Teresa

Nelson Mandela

'If you can't feed a hundred people then feed just one'.

'You must be the change you wish to see in the world'.

'For to be free is to live in a way that respects and enhances the freedom of others'.

2. Complete the sentences by dragging and dropping the following verbs.

• read

• follow

• be

• learn

• respect

• protect

• do

• be

How to be a good citizen

A. some volunteer work in your community.

B. the rules and laws.

C. a good neighbour.

D. the environment.

E. sympathetic to other people's problems.

F. about the world around you.

G. about and respect other people's beliefs and cultures.

H. other people's property.

HOW TO BE A GOOD CITIZEN

Hi, I'm Haley. In my view, we can all be good citizens. It's not very difficult. One thing we can all do is learn about the world we live in by reading the newspapers and listening to the radio. We need to learn about other people's religions and beliefs so we can respect them. We also need to be aware of the problems people face in other countries. We need to help people who are affected by earthquakes and other natural disasters. For example, we can raise money for them. You can do this by making and selling cakes or biscuits or even selling some of your own possessions which you no longer need. Good citizens make the world a better place and being a good citizen makes us feel better about ourselves.

How to be a Good Citizen

Hello. My name is James. In my opinion, to be a good citizen, you need to look after your environment. This sounds boring, but it can be enjoyable. Picking up rubbish in the park can be fun if you do it with your friends. Cleaning graffiti off walls is also something you can do with your friends. Another thing you can do to protect the environment is to recycle your drink cans and your plastic bottles. It's easy to forget and throw them away. Finally, I think we need to be good neighbours. Always be nice and smile at your neighbours when you see them. If you have elderly neighbours you can offer to help them out with their household chores.

3. Read the essays and match the answer and the questions by writing a,b,c,d,e or f, in the blue charts.

a. Which three things does James suggest you can do to look after your environment?

b. What does James tell us to do when we see our neighbours?

we can raise money for them

c. How can we help elderly neighbours?

it makes the world a better place and we feel good about ourselves

d. Why does Haley say we need to read the newspaper?

to learn about the world and be aware of the problems people face in other countries

e. How can we help people who are affected by earthquakes?

offer to do chores

f. Why does she say it is important to be a good citizen?

pick up rubbish in the park, clean graffiti off walls, recycle drinks cans and plastic bottles

always be nice and smile

Hindi

1- मानव मूल्य सामाजिक परंपराओं को कैसे प्रभावित करते हैं? पाँच वाक्यों में अपने विचार व्यक्त करते हुए वीडियो बनाइए।

2- प्रकृति संरक्षण क्या है? इसका सचित्र वर्णन करिए।

(समस्त कार्य रचनात्मक लेखन पुस्तिका (creative writing copy) में किया जाएगा।)

Maths

Do the following work in revision register:

- ❖ Solve Ex. 1 from book Composite Mathematics (Revision) at page no. 7.

Science

1. Project: Making a Herbarium

A herbarium is a collection of dried and pressed plants or leaves. For hundreds of years, scientists and plant lovers have preserved dried plants for study in herbariums to use the data associated with it for scientific study.

Instructions:

- Collect ten leaves of different plants.
- Clean off any dirt or bugs from the plant.
- Dry all the leaves by placing them in between the pages.
- You can dry all the leaves in the same book by spacing them several pages apart.
- Set it aside for 8-10 days to let the leaves dry.
- Once the leaves are dry, you are ready to compile your herbarium pages.
- Using narrow pieces of tape, secure each leaf on an A4 size pastel sheet.
- Write the following details of each leaf-a) Name of the plant b) Does the plant have any nutritional or medicinal qualities?
- Compile all the pages and make a folder. Also decorate the folder.

Social Science

Dear students,

This lockdown time is a chance to strengthen relationship with your family members and towards nature. Quality time that you are getting is fun. Utilize it to the utmost. Try doing few things which will make you feel good. Prepare a chart on the following points:

We help our Earth by...	We hurt our Earth by...

We help our elders by...	We hurt our elders by...

After filling the above table, come to the conclusion as to what things you should not do and why?

Computers

Make a Microsoft Word Document containing eight pages at least on protection of our planet and humans. It should focus on protecting our Earth and humans by our actions based on values and ethics rather than personal gain. You can collect the matter from internet. The first page must contain student's name, class, subject and topic of the document. You can insert pics, facts and figures from the newspaper, and expert's quotes in your document to make it effective. You are also suggested to use default properties of MS Word (like Bold, Italic, Underline, Paragraph setting etc.) to make it striking.
