PANDEMIC- A REVENGE OR A WARNING BY NATURE TO THE HUMAN RACE

Man is God's greatest creation,
God has gifted him the power of action.
Alas, he spoils the mighty ocean,
But this is a dangerous notion.
Nature is God's greatest gift,
Which should be saved with action Swift.
We must not waste paper or fuel,
With nature we must avoid a duel.
Nature is our forefathers' heritage,
Who they say were savage!!

Dear Students,

It is summer vacation time, a time to relax as well as fruitfully occupy yourself in various scholastic and co-scholastic areas. Keeping this in mind, your teachers have painstakingly designed interesting Projects/Assignments for you which need to be completed during summer vacation. This would encourage in-depth learning, strengthen concepts and prepare ground for improved academic output. The parents are requested to motivate and lend support (minimum possible) to their children and ensure that they complete the given work well in time and to do the best of their ability. Your encouragement can actually make a huge difference to the ultimate learning outcomes of these projects. We would be happy if parents encourage their children to work on their own.

Note: Any activity/project assigned should bear the name of the student, class, section, roll number and the session. The written work should be done in the respective subject notebook if nothing has been mentioned.

ENGLISH:

In our insatiable hunger, we but chered our planet. In our characteristic recklessness, we disfigure it and, in our ego, centric greed, we exploited our planet dry to the bone. Write an apology letter to planet Earth for not being so kind and pushing the planet to the limit.

Instructions:

- The sheet used for writing the letter may be given any shape or size as per the requirement.
- Letter pad should be creative.
- Dry Colors can be used.
- You can also make cover of the letter to make it impressive.
