WINTER HOLIDAY HOMEWORK

CLASS VI

SAVE WATER

The earth cracks with
blistering heat,
rivers dry crops wilt,
If water is consumed without
a thought, we all shall bear
the brunt of drought-
Life is water, water is life
Conserve water before
shortage is rife.

The background of the page features a repeating grid of vertical panels. Each panel shows a close-up of water with bubbles, creating a textured, light blue-green background. The text is overlaid on this pattern.

Dear Parents,

Season's Greetings!

Vacation is the most beautiful moment of every student's life. They wait eagerly for the same. They need it for relaxation and hone their skills. They feel fresh which enhances their concentration towards studies. In vacation, students try to learn new things and enjoy it with their holiday homework. We have announced our Winter Vacation from December 30, 2021; this definitely comes along with the 'Holiday Homework'! Our Holiday Homework has been carefully planned to cater to the diversified interests of students and help them revise for the upcoming assessments. We are looking forward to children coming back to school after rejuvenating holidays, with smiling faces and joy in their hearts.

POINTS TO PONDER –

- The Holiday Homework in all subjects will be marked out of 10. No marks will be given in case the holiday homework is not submitted.
- All the sheets should be well labelled.
- Do ensure to submit all the Project work/ Holiday Homework assigned subject wise as Art Integrated Project Work by 23rd January 2022.
- Enjoy your holidays to the fullest and bring out the best in yourself working together with your parents which will inculcate self confidence in you.
