WINTER HOLIDAY HOMEWORK

CLASS VIII

Climate Change

Leading the fight against climate change
Lots of obstacles that we will face
Global warming is coming soon
But we'll still see the sun and moon

What about our plants and trees?
Mother earth needs some peace
On top of the trees are some honey bees
Lovely birds sweetly sings

Global warming might be near
Climate change is already here
There's a lot of things we can't resist
The lovely earth that we should kiss

Let us save our Mother nature
Let us make it in perfect structure
Life is pleasant here on earth
Don't let disaster become her birth

The background of the page is a vibrant blue sky filled with soft, white snowflakes. In the lower portion, a woman with long dark hair, wearing a yellow winter coat and a red hat, stands on a snow-covered hill. To her right, a small yellow house with a red roof and a red door is visible. The scene is framed by dark, bare tree branches on the left and right sides.
